MEMORIALIZED GOV. CLEGHORN

At the meeting of the Chamber of Commerce yesterday afternoon the following resolutions on the death of Governor A. S. Cleghorn were presented by E. H. Wodehouse and unanimously adopted:

Whereas, It has pleased Divine Providence to remove from this transitory life our highly esteemed fellow citizen the Honorable Archibald Scott Cleghorn; be it

Resolved, That the Honolulu Chamber of Commerce does hereby express its profound sorrow and keen appreciation of the loss of a dignified and courteous gentleman, whose death has broken one more of the fast dissolving connections between the old and the new Hawaii; who, laying aside an honorable career, continued to exert a salutary influence upon the public affairs of the Hawaiian Islands, to promote the efficiency of the Territory's charitable institutions and to dispense open hospitality at his home and by the development of club life in

BY AUTHORITY

NOTICE TO CANDIDATES IN THE CITY AND COUNTY ELECTION.

The attention of all City and County candidates is drawn to Section 34, 35 and 36 of the Election Laws of Hawaii which relate to the filing of an itemized Statement of Expenses by each such Candidate with the City and County Clerk within twenty days following the election of November 8, 1910.

D. KALAUOKALANI JR.,
Clerk, City and County of Honolulu,
315—Nov. 10, 11, 12.

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii.—At Chambers—No. 4319—In Probate.

In the matter of the Estate of Archibald Scott Cleghorn, Deceased. Documents purporting to be the Last Will and Testament and a Codicil thereto of Archibald Scott Cleghorn, late of the City and County of Honolulu, Territory of Hawaii, deceased, having on the 9th day of November, 1910, been presented to said Probate Court, and a Petition for probate thereof, praying for the issuance of Letters Testamentary to be granted to Percy T. Cleghorn, A. G. M. Robertson and James E. Jaeger, all of Honolulu aforesaid, having been filed by the said A. G. M. Robertson:

It is ordered, that MONDAY, the 12th day of DECEMBER, 1910, at TEN o'clock A. M. of said day, at the Court Room of said Court in the Judiciary Building in the said City and County of Honolulu, be and the same is hereby appointed the time and place for proving said Will and Codicil and hearing said application.

Dated, Honolulu, T. H., this 9th day of November, 1910.

By order of the Court:
J. A. THOMPSON,
Clerk Circuit Court of the First Circuit.

Holmes, Stanley & Olson for Petitioner.
4t., Nov. 10, 17, 24, Dec. 1.

IN THE CIRCUIT COURT OF THE First Circuit—Territory of Hawaii—At Chambers—In Probate.

In the matter of the Estate of Josepha Candida de Consilao Alves, Deceased. A document purporting to be the Last Will and Testament of Josepha Candida de Consilao Alves, deceased, having on the 26th day of October, A. D. 1910, been presented to said Probate Court, and a Petition for Probate thereof, praying for the issuance of Letters Testamentary to Manuel Alves, Junior, having been filed by Manuel Alves, Junior:

It is ordered that Monday, the 5th day of December, A. D. 1910, at 10 o'clock A. M. of said day, at the Court Room of said Court in the Judiciary Building in the City and County of Honolulu, be and the same is hereby appointed the time and place for proving said Will and hearing said application.

Dated Honolulu, October 26th, 1910.
By the Court:
(Seal) M. T. SIMONTON,
Clerk Circuit Court of the First Circuit.

Frank Andrade, for Petitioner.
Oct. 27; Nov. 3, 10, 17, 1910.

a manner to endorse Hawaii in the memory of many throughout the world; and be it further

Resolved, That this resolution be spread upon the record of this organization and that a copy thereof be forwarded to the relatives of the deceased, signifying our most respectful sympathy and condolence.

Mr. Tenney brought up the subject of presenting the Merchants' Exchange of San Francisco with a large painting of Honolulu harbor and vicinity to be displayed upon its walls. The proposition was unanimously endorsed and the sum of \$1500 will at once be raised for the purpose. Mr. Coulter, an artist with vast experience in such work, will prepare the view. He was recently here and obtained such photographs as were needed to assist him.

Another decision reached was to continue the fight against tuberculosis, and \$100 a month was authorized for that purpose.

PAPERS FILED WEDNESDAY.

WILLETT & GRAY ON SUGAR MARKET

Writing under date of October 27, Willett & Gray (New York) have the following on the market for raw sugars:

The quotations for Centrifugals, 96 per cent test, is 3.86c, against last week, 3.85c, per lb., although during the week two cargoes of Javals about due were sold at equivalent of 3.87c, per lb., raising quotation for one day, Monday, to that basis by the understood basis of valuations here, after which the market returned to 3.85c, and closed at 3.86c, basis on sale of Centrifugals from store.

The weakness which developed in the market brought out many sellers, and there are now for sale three cargoes of nearby Javals at equal to 3.85c, to 3.87c, landed for 96 per cent test, some 5,000 tons Cubas for shipment at 2 1-2c. c. & f. (3.86c), as well as some Cuban Centrifugals in store at Liverpool for shipment to New York, at 2.85c, duty paid.

Cane sugars in the United Kingdom are now below the parity on our market, and if the Cubas in store over there can be brought in here at the 20 per cent concession in duty (as expected by the owners) it will pay well to ship them here.

Buyers are holding off, as their immediate wants are supplied.

Arrivals at Four Ports United States for the week were 25,429 tons, and meltings reduced to 34,000 tons, leaving total stock 139,522 tons. Refiners' stocks do not change much for the week, as in addition to the arrivals, the deliveries from Importers' stocks were considerable, it being understood that some stored sugars have been quietly sold at the market, but not reported.

The European markets for beet sugar declined from 9s. 3d. (3.93c) to 8s. 9 1-4 d. (3.84c) at the close, the lowest point touched in the present campaign.

The influences causing this continued decline are the constant reports of everything favorable to the Beet crops, the "Factories" estimate being 7,400,000 tons, which proved rather larger than expected.

The damage to the Cuba crop by the hurricane does not have the sustaining influence to the markets that it might without the notable increase of the Beet sugar supplies.

The highest estimates made of the Cuba crop damage places it at about 100,000 tons, while other estimates consider that whatever damage is done is fully offset by the good done the growing cane by the heavy rains. It will be well into December before a close estimate of the crop can be made. In the meantime some Cuban merchants who approve of the damage estimates place the crop at 1,700,000 tons until the December estimates are made.

Louisiana started sugar making October 17th, with favorable weather crop conditions. A good yield is expected from the smaller acreage.

WOOD'S REPORT TO THE LEADING PROMOTERS

Secretary H. P. Wood submitted the following report before the meeting of the Hawaii Promotion Committee this afternoon:

Within the past week we have received inquiries for information about Hawaii from England, France, Germany, Switzerland, Ceylon, Australia, New Zealand, as well as many other letters from the mainland of the United States and Canada. "The Administrator of Colonies" for the province of Mananjary, Madagascar, writes for us complete information concerning Hawaii as we may be able to send him, stating in his letter that he expects to spend some time in the islands next year. "Redaktion von Meyers Reisebuchern," the famous German publishing house, whose works on travel have a world wide circulation, and to which we have previously sent our matter, write us under date of October 14th, as follows:

"We are preparing a second edition of our book, 'Weltreiseführer' (World's Travel Guide). This book will appear towards end of 1911. For the previous issue you gave us valuable information concerning Hawaii and you promised assistance in the future.

"Therefore we request of you again to assist us on similar lines. We would like to have first.

"City maps of Honolulu, with as much text as pertains to it as is of importance to a globe trotter, or a person that has only a limited time at disposal, also state what such a traveler can and should see if he stops for a short time in Honolulu or Hawaii.

"No extensive information is required; just touch upon the most important features or objects in a brief outline or correct such printed matter as you may have on hand that will answer this purpose."

Our work with the Excursion Bureau throughout the United States in securing good results as is evidenced by the following letters, a few of the many to hand by last mail:

UNION TICKET OFFICES,
F. E. Scott, Agent.
Chicago, Oct. 24, 1910.

"Since receipt of your favor of September 26th, we have been awaiting receipt of your folders, and as they have not yet reached us, perhaps having gone astray, and as we have ticket offices located in the hotels mentioned above, we wish to ask that you kindly send us a fair supply at your early convenience."

BREUER & COMPANY,
General Steamship Agents,
Louisville, Ky., Oct. 21st, 1910.

"Referring to a communication from the Hamburg American Line, we herewith beg leave to ask you to kindly send us a supply of pamphlets descriptive of Hawaii which we could use to great advantage."

NILES NILSON,
Passenger and Tourist Agency,
Minneapolis, Minn.,
Oct. 22nd, 1910.

"I received your postal giving view of winter sports in Hawaii. I shall try to use same to the best advantage in getting tourists to go to Hawaii this winter.

"Kindly also send me your illustrated pamphlets describing Hawaii." Christchurch, New Zealand,
Sept. 26th, 1910.

"Your card received. As we have frequent inquiries regarding Hawaii

The consumption of the Convention countries of Europe for the year ending August 31, 1910, was 4,418,443 tons, against 4,453,589 tons the previous year, a decrease of only 35,146 tons, notwithstanding the higher prices of the year.

France and the United Kingdom were the only countries showing decrease.

This is an indication that with low prices for the present campaign, the consumption may increase correspondingly to the increased production.

The European Beet sugar factories have progressed much faster in work, this season than usual, probably in order to avoid working frozen or wilted beets at end of crop.

Some \$9000 bags Demerara centrifugals were sold for first half November at equal to basis of 3.86c. per lb. New York.

At the close a sale is reported from atoe at 3.86c, for 96 per cent.

We shall esteem it a favor if you could kindly see your way to forward us a few pamphlets regarding your islands.

The North American Press Syndicate writes under date of October 21st acknowledging receipt of the lot of matter recently sent them, stating that they will make use of much of it at an early date and will be able to get the items into between fifty and seventy prominent newspapers of the United States.

The North German Lloyd Steamship Company's New York Agents state that they have advanced the publication of their next "Around the World" booklet and express the hope that our photographs may not be delayed; inasmuch as we forwarded the data some two weeks since, it will be in plenty of time.

We are in receipt of word that an experienced excursion agent at Alliance, Ohio, is now planning to work up a party for a trip to Hawaii within the next few months.

One enthusiastic correspondent living in Michigan writes:

"I thank you very much for the printed matter. I believe that Hawaii comes pretty near being God's country. At any rate, I do not expect to find anything better on earth and am now arranging my affairs so as to be able to spend the rest of my days with you. I will be along soon."

The following extract from a letter from New Zealand also affords interesting reading:

"Will you kindly send me, at your earliest convenience, copies of your folders? On two occasions I have had the pleasure of brief visits in Honolulu as a through passenger to and from Vancouver. Those visits impressed the charming spot so deeply -- in my mind that I am seeking more information with a view of settling permanently at Honolulu with other friends."

During this month we expect to reach some 15,000 bank cashiers with a special mailing card. We have found, by experience, that these men are in close touch with the traveling public and more and more banks are adding to their other departments a Travel Bureau for the sale of tickets and traveler's cheques.

Respectfully submitted,
H. P. WOOD,
Secretary.

A notice to Candidates in the City and County Election appears in this issue.

OFFICIAL COUNTY FIGURES; PETRIE HAD VERY CLOSE RACE

The official figures as tabulated and added at the office of County Clerk Kalauokalani this morning show that Petrie and McClellan had a very close race for leadership on the Democratic ticket for supervisors, one or the other being certain, as shown early in the count, to beat Quinn. McClellan won out by forty-eight votes over Petrie. Both were well ahead of Quinn, and Petrie's vote is only seventy-five less than that of Harry Murray, the lowest Republican candidate.

The following are figures officially tabulated at the county clerk's office:

VOTE FOR MAYOR.

Fern, 4th district.....	1595
Fifth district.....	1611
Petrie.....	3216
Lane, 4th district.....	1630
Fifth district.....	1524
Quinn.....	3154

DIED.
BORGES—In Honolulu, November 9, 1910, Mrs. Mary Borges, widow of the late M. J. Borges. She leaves four sons and two daughters. The cause of her death was heart failure. Funeral from her late residence, 1550 Liliha street below School at 4 p. m. today. Interment at Kalihi-waena cemetery.

POSSIBLY NOT SUICIDE.
Chief Detective McDuffie is investigating the circumstances surrounding the shooting of a Japanese woman yesterday, which was then reported as a case of attempted suicide. The

ANOTHER DAY OF VERY WEAK STOCKS

There was very little of interest in the stock market this morning, and the tendency was toward weakness. Probably in no instance was there strength in excess of yesterday, and most stocks were a shade off from previous quotations. While no unusually large amount of stock is out, buyers are decidedly cautious and seem prepared to negotiate for distinct bargains only.

Between boards there was a sale of 100 Hawaiian Commercial & Sugar Company at \$34.50, after which the stock weakened. This morning \$34 was bid and \$34.375 asked. The last previous sale was at \$34.50.

A sale of 30 McBryde was made at \$4.50, after which the stock settled to precisely the quotations of yesterday—\$4.375 being bid and \$4.625 asked. The last previous sale was at \$4.50.

Between boards 10 shares Ewa changed hands at \$29. This morning \$28.50 was bid and \$29 asked for the stock. The last previous sale had been at \$29.

Also on the street 35 Oahu sold at \$27, the quotations this morning being \$26.75 bid and \$27 asked. The last previous sale had been at \$27.

A block of 10 Pioneer found a buyer at \$184.50, after which \$184 was bid and \$185 asked.

Olag remained near the same, \$4.375 being bid and \$4.625 asked; Wai-lua, \$100 bid and \$101 asked.

Lack of interest will be noted in all of these transactions, and the immediate future is in considerable doubt.

DIVIDENDS TODAY.
The following dividends were paid today: Panuhau, 20 cents a share, or \$20,000; Wailuku, \$1.50 a share, or \$45,000; Hutchinson, 15 cents a share, or \$15,000; total, \$80,000.

The Associated Garage has received a large supply of Glidden tour folders, catalogues and other good automobile reading matter for free distribution.

SUGAR ESTIMATE WILLETT & GRAY

Willett & Gray, writing under date of October 20, had the following to say on the world's output of sugar:

The new cane and beet sugar crops of the world give promise of an enormous total yield, estimated to outturn possibly 1,755,813 tons more than those of last season. In the 1909-10 campaign the production was in tons:—Cane, 8,302,592; European beet, 6,138,090, and American beet, 450,596; total 14,891,187, while for the new season (1910-11) the estimate are:—Cane, 8,502,000; European beet, 7,700,000, and American beet, 445,000; total 16,647,000 tons.

It is interesting to note that last season the cane sugar crops of the world amounted to 1,712,997 tons more than the beet sugar production, but the prospects are that next season the cane crops will prove to be only 357,000 tons larger than the beet crops.

Last year at this time we estimated that the stock in principal countries would be reduced to less than 295,543 tons (stock Sept. 1, 1909) at the end of the campaign unless consumption was checked by high prices; as it turns out, the year closed (September 1, 1910) with stock of 1,086,403 tons, the high prices which ruled having unquestionably caused the consumption to be curtailed.

Part of the expected increased production will be needed to fill depleted invisible stocks, but the indications are that there will be enough surplus to cause low prices, which will induce a large increase in consumption the world over.

John Reble, who is charged with robbery in the second degree, was due to appear before Judge Cooper yesterday morning, but he did not appear. He was before the court this morning, when F. Schnack, representing E. C. Peters, appeared for him. The defendant pleaded not guilty, and a date of hearing the case will be set later.
